Once the course is completed, scroll down below the course screen to the course summary and enter your email address. Scroll down further to take the quiz.

**Session 9: Introduction to Bath Design III**

**Session 9 Summary**  
Two different topics are presented in this session; vanity nomenclature and the ten most common mistakes made by bath designers.

**Session 9 Learning Objectives**  
By the end of the session, you will be able to:

- ✘ Determine the best vanity for your client
- ✘ Discuss differences in cabinetry construction with your clients
- ✘ Avoid common errors when designing bathrooms

**\* Required**
